## Right Thinking Leads to Right Actions

*“So here’s what I want you to do, God helping you: Take your everyday, ordinary life—your sleeping, eating, going-to-work, and walking-around life—and place it before God as an offering. Embracing what God does for you is the best thing you can do for him.” – Romans 12:1*

As an athlete there is nothing more motivating and powerful than a coach’s locker room speech! Whether the sport is football, baseball, softball, basketball or hockey there is something about a coach rallying his/her players to compete at their highest level. In one of the most dramatic upsets in Olympic history, the underdog U.S. hockey team, made up of college players, defeats the four-time defending gold-medal winning Soviet team at the XIII Olympic Winter Games in Lake Placid, New York. The Soviet team had captured the previous four Olympic hockey golds, going back to 1964, and had not lost an Olympic hockey game since 1968. This epic, David and Goliath showdown, is referred to as the “Miracle on Ice.” Herb Brooks, the coach of this 1980 U.S.A. Olympic hockey team, delivered one of the all-time greatest locker room speeches that inspired and challenged this team to do what the entire world knew was impossible. Coach Brooks told his players, “Great moments are born from great opportunity. You were born to be hockey players. This is your time!” Romans 12 is kind of like Paul’s locker room speech for the followers of Christ – here’s who you are, here’s how we’re going to win, here’s how we’re going to defeat our opponent, here’s how we’re going to get to the finish line together, and here are the keys to victory! In chapters one through eleven, Paul has devoted tons of time and energy to heavy duty theology and doctrine and he’s transitioning here. He says, “In light of what God has done, here’s how we should live.” To put it another way – we are encouraged to use what we know about God (theology) and turn it into “walkology” – to live out

what we believe as followers of Christ. Once we pair our theology with our walkology then we are truly living a life of surrender and worship. Paul goes on to say in verse two, “Don’t become so well-adjusted to your culture that you fit into it without even thinking. Instead, fix your attention on God. You’ll be changed from the inside out. Readily recognize what he wants from you, and quickly respond to it. Unlike the culture around you, always dragging you down to its level of immaturity, God brings the best out of you, develops well-formed maturity in you.” We must not adopt the patterns of this world with its behavior and customs – they’re usually selfish and corrupting – but it has to go beyond the level of behavior and customs – it must sink deep into our heart and our mind – it says “by changing the way you think” (NLT) – RIGHT THINKING LEADS TO RIGHT ACTIONS. Romans 8:5 says it like this “Those who are dominated by the sinful nature think about sinful things, but those who are controlled by the Holy Spirit think about things that please God.” It’s only when the Holy Spirit renews and redirects our minds that we are really transformed and I’d say at a spot that we can truly worship God with our everyday, ordinary life. We have a great opportunity to live for Jesus Christ every day. Let right now be the moment that you decide in your mind that you’re giving your everyday, ordinary life – sleeping, eating, going-to-work, going-to-school, and walking around-life – to the glory of God and for the advancement of His Kingdom.

### Today’s Prayer Guidance

*Father, help me to consciously choose to center my life on You today and every day.  
Let me be mindful that right thinking leads to right actions.  
I want to be controlled by the Holy Spirit today not by my sinful nature.  
Father, by the power of your Holy Spirit, help me die to self today and live for You.  
I give you my all to be used to bring You glory and to advance Your Kingdom.*

## New Board of Education Leadership

**Wade Shipman**  
Superintendent  
of Education

Tallassee City School Board is not compensated for their service as most school boards are in the state of Alabama. Our board members give of their own time and often attend multiple meetings each month, as well as being required to complete ongoing training requirements.

Mrs. Ruthanne McCaig has been a board member since 2008 and served as President of Tallassee City's Board of Education for the past three years. During her tenure, the system has seen improvement in state accountability scores, school security, technology implementation, and STEM programs. The Alabama Association of School Boards (AASB) Member Academy recognizes school board members for their training accomplishments. Level one – 25 hours of professional development (PD), level two – 50 hours of PD, level three – 75 hours of PD, or level four – 100 hours of PD. Mrs. McCaig has been recognized as a level two member through the AASB Member Academy for the amount of professional learning that she has completed.

During its October Board of Education meeting, the Tallassee City Board of Education chose Mr. Don Bryant as the new president. Mr. Bryant has just

completed his third year as a board member and previously served as vice-president of the school board. Mr. Bryant has earned a level three recognition by the AASB Member Academy. The board also selected Mr. Rex Ledbetter as vice-president of the board. Mr. Ledbetter has served on the board for the past seven years and is recognized as a level three board member from the AASB Member Academy.

Other board members along with their years of service on the board and AASB Member Academy recognition are as follows:

Ms. Lacey Brewer, three years on the board and a level two AASB Member Academy recognition;

Mrs. Sonja Moore, two years on the board and a level one AASB Member Academy recognition;

Mrs. Sandra Patterson, seven years on the board and a level three AASB Member Academy recognition;

Mrs. Kami Scarborough, three years on the board and a level two AASB Member Academy recognition.

When given the opportunity, please thank our board members for their commitment to the students of Tallassee City Schools.

It's hard to believe that nine weeks of the 2019-2020 school year are in the books. It's been a great start at Tallassee High School and as we prepare for the next quarter of the school year it's a good time to look back and recognize some of student leaders here at THS! A school year is only as good as the students in the building and we are very fortunate to have some of the finest students around. Jimmy Jones, All-State Insurance company with Kip Lowe, contacted me earlier this year and wanted to recognize some outstanding students in academics, athletics, arts, and school spirit. As I talked to our coaches, band directors, and academic advisors we wanted to ensure our

students would represent our school and community in all facets to include being a good student and performer in their area of expertise but more importantly would be of outstanding character. With that said, the following students are the first quarter nominees of the All-State Insurance "Good Hands" Team of Tallassee High School.

*Thank you to All-State Insurance, Jimmy Jones, and Kip Lowe for sponsoring these awards for our students.

## Tallassee Reads at Southside Middle School!

**Tallassee Reads!** This is the slogan our school system has bought into the past two years. Here at Southside, social studies teachers will be incorporating textual reading into their classrooms. This semester students are reading small passages related to history content that allows them to gain knowledge of the subject, as well as improve their reading skills. The SMS library is in the process of a positive transformation. Currently, the books are being genrefied for students to easily locate books based on their interests. There have also been books weeded and new books ordered in order to have an updated collection that meets the interests and needs of all students. Mrs. Pugh is also in the process of incorporating new technology and collaborative spaces for learning. We have also used allocated funds to enhance the interior design of the library by adding a brand new desk for students to check out books of their choice. Southside Middle School is dedicated to providing every child an opportunity to strengthen their reading skills to enhance overall academic achievement.

## Family Art and Diversity Night at Tallassee Elementary School

On Tuesday, October 8th, Mrs. Nicholson and Mrs. Dark, our parent involvement coordinators, organized an incredible event including reading, art, diversity, and more! The evening began with parents and students receiving an excellent bag of items provided by our PTO including healthy snacks, coupons, and samples of great immunity supports for the upcoming cold and flu season. Next, students and parents enjoyed a great story about being unique. Only One You by Linda Kranz provided everyone with reminders about being kind to everyone, celebrating our differences, and never giving up on your dreams. Mrs. Nicholson discussed the story with students to bring out the key points. At that time, Mrs. Dark explained the activity ahead. Students painted rocks in their own way that allowed their individualism to shine through their creativity! Students also enjoyed a popsicle treat before ending the evening of fun!
